Our mission is to provide drug free, decent, safe and sanitary housing for eligible families and provide opportunities and promote self sufficiency and economic independence for residents.

In order to achieve this mission, we will:

Recognize residents as our ultimate customer;

Improve Public Housing Authority (HA) management and service delivery efforts through effective and efficient management of HA staff;

Seek problem-solving partnerships with residents, community, and government leadership;

Apply HA resources to the effective and efficient management and operation of public housing programs, taking into account changes in Federal funding.

B. Goals

The goals and objectives listed below are derived from HUD's strategic Goals and Objectives and those emphasized in recent legislation. PHAs may select any of these goals and objectives as their own, or identify other goals and/or objectives. Whether selecting the HUD-suggested objectives or their own, **PHAS ARE STRONGLY ENCOURAGED TO IDENTIFY QUANTIFIABLE MEASURES OF SUCCESS IN REACHING THEIR OBJECTIVES OVER THE COURSE OF THE 5 YEARS.** (Quantifiable measures would include targets such as: numbers of families served or PHAS scores achieved.) PHAs should identify these measures in the spaces to the right of or below the stated objectives.

HUD Strategic Goal: Increase the availability of decent, safe, and affordable housing.

- ☒ PHA Goal: Expand the supply of assisted housing

Objectives:

☒ Implement measures to deconcentrate poverty by bringing higher income public housing households into lower income developments: The goal of the HA is to meet the objectives outlined in Section 26 of the ACOP and Section 8 Admin Plan for accomplishing deconcentration.

☒ Implement measures to promote income mixing in public housing by assuring access for lower income families into higher income developments: To insure access for lower income families into higher income public housing developments, the HA will skip families on the waiting list as outlined in Section XI 3 D, of the Tenant Selection and Assignment Plan, which is contained in the ACOP.

☒ Implement public housing security improvements: Staff of the HA works with the City of Albertville Police Dept. to ensure adequate police coverage. The HA contracts with two off duty officers to work exclusively with the public housing residents in all our communities. We have applied in the past for funding for drug grants, but have never been approved. We also implemented the stricter screening and eviction provision to comply with federal requirements of the "One Strike You're Out" rule. The implementation of stricter screen policies keep criminals out of public housing and the swift eviction of residents involved with criminal activity helps keep criminal activity at a minimum.

☒ Designate developments or buildings for particular resident groups (elderly, persons with disabilities) The HA has a total of 164 public housing units and 9 are designated for persons with disabilities. The designated units comply with the requirement of the American with Disabilities Act (ADA). All of the community buildings and public offices managed by the HA comply with ADA accessibility requirements. Also, it is the policy and practice of the HA to make reasonable

- accommodations for any individual with a disability, as outlined in Section XV of the Dwelling Lease.

- ☒ Provide or attract supportive services to improve assistance recipients' employability: We currently have a Family Self-sufficiency program that has 33 participants. If more funding is not made available for this program we will be forced to terminate FSS. We currently have a FSS Coordinator that we are paying for through other programs and can not continue to do this. We are trying to find funding, even writing HUD to change funding and application process to include everyone with a FSS program.
- ☒ Provide or attract supportive services to increase independence for the elderly or families with disabilities. /the HA works with the Council on Aging and the Home Extension service to provide programs to increase independence living and it is the goal of the HA to have a minimum of four programs per year for the elderly and disabled.
- ☐ Other: (list below)

☒ PHA Goal: Ensure equal opportunity and affirmatively further fair housing

Objectives:

We will not tolerate any type of discrimination because of a persons race, color, religion, sex or nation origin. The HA works with the Chamber of Commerce and their volunteers visit each new resident of public housing and Section 8 to provide a Welcome package which contains information concerning the location of schools, child care, shopping, banking and churches. Persons with disabilities are given information concerning the available units that meet ADA requirements.

- ☒ Undertake affirmative measures to provide a suitable living environment for families living in assisted housing, regardless of race, color, religion national origin, sex, familial status, and disabilities: The HA will follow its admissions policies to insure that all applicants are housed on a non-discriminatory basis in the public housing developments administered by the HA. ☒ Admissions Policy for Deconcentration: The admissions policy for deconcentration for Public Housing is contained in HA's Admissions and Continued Occupancy Policy (ACOP) as follows: Section XI 3D of the ACOP, which is the Tenant Selection and Assignment Plan, states that "Provided, however, the provisions of the deconcentration rule, contained within this policy, shall supercede the selection of applicants based on the date and time and local preference, if applicable, and allow the HA to skip families on the waiting list to accomplish this goal." The Deconcentration Policy of the HA for Public Housing is contained in Section XXVI of the ACOP, and reads as follows:

Deconcentration Rule for Public Housing

1. Objective: The objective of the Deconcentration Rule for public housing units is to ensure that families are housed in a manner that will prevent a concentration of poverty families and/or a concentration of higher income families in any one development. The specific objective of the housing authority is to house no less than 40 percent of its public housing inventory with families that have income at or below 30% of the area median income by public housing development. Also the housing authority will take actions to insure that no individual development has a concentration of higher income families in one or more of the developments. To insure that the housing authority does not concentrate families with higher income levels, it is the goal of the housing authority not to house more than 60% of its units in any one development with families whose income exceeds 30% of the area median income. The housing authority will track the status of family income, by development, on a monthly basis by utilizing income reports generated by the housing authority's computer system.
2. Actions: To accomplish deconcentration goals, the housing authority will take the following action:
 4. At the beginning of each housing authority fiscal year, the housing authority will establish a goal for housing 40% of its new admissions with families whose incomes are at or below the area median income. The annual goal will be calculated by taking 40% of the total number of move-ins from the previous housing authority fiscal year.
 5. To accomplish the goals of:
 - a. Housing not less than 40% of its public housing inventory on an annual basis with families that have incomes at or below 30% of area median, and
 - b. Not housing families with incomes that exceed 30% of the area median income in development with incomes that exceed 30% of the area median income. The housing authority's Tenant Selection and

Assignment Plan, which is a part of this policy, provides for skipping families on the waiting list to accomplish these goals.

The admissions policy for deconcentration for the Section 8 Program is contained in the Section 8 Administrative Plan as follows: Section XII 3 B of the Section 8 Administrative Plan, which is the Section 8 Applicant Section Process, states that, "Provided, however the provisions of the deconcentration rule, contained within this policy, shall supercede the selection of applicants based on the date and time and local preference, if applicable, and allow the HA to skip families on the waiting list to accomplish this goal." The Deconcentration Policy of the HA for Section 8 is contained in Section XXXIV of the Section 8 Administrative Plan and reads as follows:

Deconcentration Rule Section 8:

The objective of the deconcentration rule for section 8 tenant-based assistance is to admit no less than 75% of its new admissions to the program to families that have income at or below 30% of the area median income. The HA will track the status of all new admissions monthly by utilizing income reports generated by the HA's computer system. The goal will be tracked monthly and if the HA is not reaching its goal, families will be skipped on the waiting list to admit a family that has income that is at or below 30% of area median income. The practice will continue until the HA achieves its goal. The HA's Section 8 applicant selection process, which is contained in the section 8 administrative plan provides for the skipping of families on the waiting list to accomplish this goal.

- ☒ Comments of Resident Advisory Board or Boards (must be attached if not included in PHA Plan text) The HA staff has worked with its residents and established a Resident Advisory Board. Last year the Board consisted of 4 residents. Two from Public Housing and Two from Section 8. One of the section 8 residents moved off the program and we added four new residents from public housing. We now have a 7 member board, all from volunteers, that consist of minority, disabled, elderly and family. They are as follows: Vida Tabor, Section 8, Karita Moore, family, Westside Court, Mona Rutledge, Elderly, Alameda Court, Ernestine Latham, Alameda Court, Alredia Striplin, minority, Albert Court, Billy Rhodes, disabled, Westside Court, Inez Hefner, Elderly, Westside court, James Hall, Westside Court. These residents have met

and were very supportive of the plan. We are looking at ways of using capital funds for 2001. Some suggestions and considerations are as follows:

1. New exterior doors, front and rear. It was decided that the majority of residents like the present type of door we are presently using and we will strive to use this type when purchasing new doors.
2. Install additional phone plugs. Only one plug per apartment at present. Most residents need plugs or jacks in bedrooms also.
3. Cable connections for bedrooms.

This doesn't seem like much, but cost of these three items for all courts will take all money allowed for this year.

This board is really good at knowing that all courts need to be addressed and money used for the good of everyone and not just the court they live in.

Plans for substantial deviation from its 5 year plan.

Our goal is to follow the five year plan as long as it is feasible for us to do so, however we all know that from time to time this will be impossible. One thing that could hamper this would be retesting for Lead Base Paint. Also, residents have ideas of items that they want to see done that are good ideas and we might do them first and delay something else.

These deviations and amendments will be addressed in the following annual plan. We will always address request from HUD in determining deviations and amendments to the plan. This is something that must come before the Board of Commissioners, Resident Advisory Board and to be brought up at our Public Hearings.

NARRATIVE STATING FIVE YEAR PLAN MISSION AND GOALS.

We have starting meeting our goals. We have improved our PHAS score by 1 point. We have organized our Resident Advisory Board and have quarterly meetings. These meeting have been very helpful in various ways. We have resident input into the modernization of units. We have neighborhood watch programs. We have been able to secure better lighting for our residents and more trash pickup for the city.

We are going to try and get more electrical plugs, more cable connections, telephone jacks and upgrade our grounds with more trees and shrubs. This doesn't seem like much to some of us. However, we have telephone jacks in our bedrooms and cable connections. Our residents want this to.

We have also had lead base testing (retesting & assessments) done and are waiting the results of these.

Our goals of better communication between resident and administrative is much improved with the resident meetings.

We have 2 off duty police officers that patrol for us and all the residents feel good about this.

We hopefully will continue the relationship with our residents and community. We want to strive to be a part of the community and have our city proud of Albertville Housing Authority. We think we've come a long way in this process. We have had the city come in and clean areas that we do not have the equipment to clean and clear. They have helped with the flooding problems we've have. They have given us dirty to fill in low places and also provided more drainage holes. The city painted all the curbing yellow for no parking on the streets for us. This has all been done with at no charge. We are in the process of discussing with the city to dig up resident sidewalks and remove the old concrete so we

can pour new ones. These are something our residents desperately need. Their may be a cost for this, but the city will do it cheaper than a contractor.

We have had all units equipped with new central heat and air. Residents were very happy to receive these units. We have had new utility allowances done to compensate the old allowance.
